

Dear Mrs. P,

Thank you so much for all of your history presentations. I loved the presentations of China and Russia (I still remember Peter the Great) and the Egyptian presentation which I believe you presented in 6th grade. Your history one this year was fun. You told us amazing things our text book might not have told us. I appreciate your love of history and art history and all your knowledge. I hope you keep on learning, collecting, and presenting your knowledge for many years to come!!!!

Sincerely,
Nisha

Dear Mrs. P,

Thank you so much for coming to our school and teaching us more about history and the Civil War. I really liked Johnny Clem and how he became a general at 12! I hope I will see you again soon.

Dear. Mrs. P,

Thank you so much for coming to my school and teaching me more about the Civil War with your great presentation. I think you are a great speaker and will miss your presentations in high school! Hopefully, they will let you come and speak more in the history department. I wish you the best with your speeches and hope to see you in the future.
Thank you again,

Lea

Hey Mrs. P!

I really enjoyed your presentation. History usually isn't very exciting to me and is probably my worst subject in school but you made it fun and exciting. I learned *so* many things about the Civil War that I never knew about. I actually understood everything that you were talking about and enjoyed it! Who knew that history could be so cool?

Sierra
Hart Middle School

Dear Mrs. P,

I really love your presentations. One of my favorites was the Chinese emperor one. I liked how you told that the great wall of china was built in 7 years and how that a tomb possibly has 300 crossbows shoot you when you open the tombs doors. I thought that was really cool. Just wondering, but have you done a presentations on the Romans, the Spartans, or Attila the Hun? (sorry, don't know how to spell Attila the Hun.) so all and all, I really enjoy your presentations and I hope you keep doing them.

Thank You.

Adam (boy you met at Civil War presentation)

Dear Mrs. P,

Thank you so much for taking your time to come out to Hart Middle School! I really learned a lot and am fascinated by a lot of the information you shared with us! The Civil War had so many parts to it, and you did a wonderful job covering all of material. Although I enjoyed everything, in particular I found it interesting when you explained how Abraham Lincoln was killed. I always assumed he immediately died and that it took place in a movie theater. But now I know the true story! I also liked learning the drummer boy! Overall your presentation was fabulous!

Thank you again, and I hope to see you present again in High School!

Sincerely,

Christina, Hart Middle School

Mrs. P,

Dear Mrs. P thank you so very much for giving us some new knowledge on the civil war. I hope I get to see you at the high school, If I don't It was nice to know such a great Teacher.

Stephanie

Dear Mrs. P,

Thank you so much for your wonderful presentation of the civil war. I have always been a huge fan of history, and it was great to learn the specific details of the war. I really had a terrific experience.

Thanks again!

Dear Mrs. P,

Thank you for coming in and speaking. I love your lectures. They are very interesting and I love hearing the interesting facts that you have to share with us. I think these days that the interest of history had gone down a bit, because kids just don't understand how much our history matters. But I however, am enthused by all of it. Kind of like a history freak. Your presentations are awesome and they make history freaks everywhere jump for joy! I believe that you also touch the lives of people that don't like history. I especially enjoyed your civil war and king tut lectures. Its amazing how much you teach in that little frame of time, and i thank you for all of you hard work and time you put into those presentations. They are a treat, and something that i would get excited for every year. Thank you so much and what you have taught me is something that I will remember for the rest of my life.

Dear Mrs. P,

Thank you very much for coming to Hart Middle School and educating the 8th grade students on the civil war. You helped and better described this historical event in American history and explained the people who helped this country. I love having you come to our school about events we should all know about!

Sincerely,
Samantha

Dear Mrs. P,

Thank you so much for doing presentations throughout the years. I am one of the students who went to Baldwin and listened to you every year. All of your lectures were so interesting and we especially loved the coloring sheets. Sometimes we were too young to understand what the drawing was really of but we had fun coloring it while we listened to you. I really respect that the older we get the more information you would share with us that just makes me wonder what more there really is into the topic. My favorite presentation of yours was the King Tut. Whenever I hear your name I always remember that one presentation and how interesting that was to me and the whole class. Thanks again for putting up with us kids these years and sharing your knowledge we really appreciate it. I hope to see you at Stoney Creek!

Dear Mrs. P,

Thank you so much for coming to our school and teaching us about the Civil War in a way that is more fun and effective than reading out of the textbook. I learned a lot about the war that I didn't know before, and I learned about it from you and for that, thank you.

Maithreyi

Thanks Again!

Dear Mrs. P,

Thank you for coming to Hart on Wednesday and Thursday! I learned a lot of interesting facts. One other thing though- I'm not going to Stoney Creek next year. I'm planning to go to Cranbrook Kingswood, the private school in Bloomfield. I was just wondering if you visited that school.

Thanks again!!
Linda

Mrs. P,

I have enjoyed all the years you have come to teach me about history! Whenever you present, I attain the information very well. You make history fun, exciting, unique, and easy! You truly have a talent for teaching-- and presenting. I was very sad to hear from you that you may not be able to come and present at Stoney Creek High school. Hopefully our grade can do something about that to change the teacher's and principle's minds. I hope you enjoyed presenting to our class as much as we enjoyed listening to you! I hope to see you again sometime soon... but if not, I hope you and your family are well! Thanks again for everything!

Sincerely,
Nicole

Hey Mrs. P,

Just want to say thanks for coming to Hart on Wednesday and Thursday. I really enjoyed it. I especially liked the bit about Lincolns Wife, you wouldn't happen to know if there are any biography's on her? It's too bad we won't see you in high school. But thanks again and Good luck on your future slide shows.

Sincerely,
Caitlin

Mrs. P,

I am so glad that you have come for so many years to teach us about important times in American history. You make the lectures fun and exciting for everyone that listens. I learn so much more when you teach me because it's interesting and just amazing! I am sad because you are not going to be coming next year in high school but I really had a lot of fun when you were here. I just wanted to know if we could do something to change Stoney Creeks mind about you coming to teach us more about the American History. If I don't see you next year hope you have a good one and thank you very much for the many good times.

Sincerely,
Kendra (an 8th grader at Hart Middle School)

I am an eighth grader in Mr. Coats' Fifth hour class. I am e-mailing you to thank you for your wonderful presentations that you have given. Not just the one recently, but the presentations from all three years that I have watched and listened to you speak. I hope you continue to do these presentations for a very long time!

Zack

I would just like to say thanks for everything! I'm from Baldwin so I've known you for a comparatively long time! I have been on your website and looked for my drawings and appreciate the time you took to load them onto the computer! OH! As I remember, you mentioned that you will not be coming to the high school, but I will not attending Stoney Creek, I will be at the IA and I believe that the information that you teach would be extremely useful there! at the IA they believe in innovative thinking and creative ways to learn. it would be amazing if you could come in and teach the information at hand.

Thank you very much,
Marissa

Dear Ms. P,

Thank you for coming to Hart Middle School for a Civil War slide show. I really enjoyed learning about the fact that you shared and plan on reading the books you mentioned: The Boy's Wars, Distant Thunders, and the National Geographic book. I hope that Stoney Creek Middle School will have you come in and talk more about World and American History. Thank you once again for coming and spending your time with 8th graders at Hart Middle School about the Civil War.

Thank You,
Paige

Thank you a lot for the great presentation about the Civil War. That was a very interesting speech.

Steffen

Thank you for coming to hart middle school and presenting it was a very good presentation and it was fun I liked the part where you told us about the little kid that joined the army because it was very interesting once again, thank you.

Dear Mrs. P,

We really appreciate it that you came to our school to take us out of class to hear a very interesting presentation. Everyone who has been to any of your presentations has been hooked for the whole time. We respect the people who fought and died for our country. Thank you for giving us a wonderful two day presentation.

Sincerely,
Ramamurthy & Nick

Dear Mrs. P,

I enjoyed the picture you showed me of a boy that had a rifle bigger than him. I liked how you told us about Johnny Clem it was interesting that the boy lived through all those fights. He was great and short what a connection. He was so so so brave!! I loved the whole presentation.

Mrs. P,

This is from your former neighbor Nic. This last presentation of yours was the best of them all. The best part was how Josh that little 9 year old got to be a lieutenant in the army and was allowed in at that young of age. Another part was when the amazement of all the great casualties and the graves dug, it wasn't fair just to lay the bodies on the ground and cover with dirt then after rain they are exposed to sunlight again, they should

Sincerely

Nic

Thank you for coming to Hart Middle School for your Civil War presentation. I enjoyed the whole thing, but I particularly enjoyed the part about the drummer boy who became an officer and the guy that said, "The war started in my yard and ended in my parlor." I like the ironic and cool parts of history like those listed above.

Mitchell

Dear Mrs. P,

It was really great having you here. I really enjoyed hearing all your speeches throughout the year. There was something about the way you did them that made them interesting to hear. It's sad that I won't be able to see you again but I hope someday I will. You were aaaaaaaaamazing!!

Heather

Dear Mrs. P,

Thank you for doing the picture presentation. It was awesome! You are fantastic at what you do and I hope that you continue to do it.

Sincerely,
James

Dear Mrs. P,

Thank you for taking the time to teach Hart Middle School all about the Civil War. We looked forward to your presentation and were not at all disappointed. We really enjoyed learning about Johnny Clem. How he survived the Civil War is amazing! Also about how he became an officer at such a young age. We also enjoyed how President Lincoln still decided to become president even though the country was in a tough situation. Thanks again for giving us more knowledge on the Civil War.

Sincerely,
Brooke and Karlana

Dear Mrs. P,

The little drummer boy Timmy was really interesting since he was only seven years old but was still able to join the army. I really liked the picture of the cemetery which just showed part of the people that died in the one battle. I liked all the things you always brought to your presentations. I would like to thank you one last time for coming to Hart and taking your time to put the presentation together and show us everything that you have learned.

From Emily and Zarnab

Dear Mrs. P,

I liked your presentation a lot. I learned a ton of new information. My favorite part was when you taught us about Johnny Clem. That was a very interesting story because Johnny was just a little boy, yet he was allowed to be in the military. I am disappointed that i might never get to see you again.

Love,
Mitchell and Nathan

Dear Mrs. P,

THANK YOU for coming in and talking to our class. It really gave us information that we wouldn't have had otherwise. Your dad was right, what you're doing is really special and is something you should be proud of doing.

Mr. Coasts 2nd hour
Hart Middle School

Dear Mrs. P,

Thanks a lot for telling me all about the history. A lot of the things you told me I probably would never have learned in my life or would not have learned until much later. All the things you taut me also helped me better understand what Mr. Coasts was trying to teach me and I felt much better about completing the quiz I took today on Monday.

Kyle

Hi my name is Danny I am in 8th grade and you probably don't know me. I want to thank you for coming into my school and presenting us all the good facts. What I like about you is when you present you don't keep the whole room sleeping you make us want to learn more. I am really excited when you come to teach us. I know that I will not be seeing you on a yearly basis but you will be missed.

Dear Mrs. P,

Thank you for coming to are school and talking to us. I'm very grateful for all the new information that you had shared with me. Thank you again I hope you will continue this story telling for years to come. Thank you again.

Sincerely,

Dear Mrs. P,

Thank you for coming to Hart Middle School and sharing your vast knowledge on the concept of the Civil War. Your presentation has brought me up to a whole new level of understanding during that troubled time in America's history.

Thanks again for dedicating your time for the betterment of Michigan's youth education.

Darian

Dear Mrs. P,

Thank you for taking your time to teach us about the history, for two days

Dear Mrs. P,

I very much enjoyed your presentation at Hart Middle School because I have been very interested in the subject for a while and other historical topics. I hope to see you sometime at Stoney Creek with even more information.

From,
Daniel

Thank you for always coming to our school and I'll try to remember to tell Stoney about you to bring you in. Thanks for doing a great presentation on the civil war come back next year at Stoney.

P.s. please do something on Jessie James

Thank you for presenting on history for our class. The facts on the Civil War were very interesting! Too bad can't see you in high school.

Dear Mrs. P,

I am Jake, a student at Hart Middle School, and I had the good fortune to see your civil war presentation on Wednesday the 5th and Thursday the 6th of May and I enjoyed it very much. The little boy Johnny is like a hero to me because he proved that you have to work to do what you want. He was just a farmer and apparently had a boring life and when he found some excitement he went for it without hesitation! And the idea of meeting the man you shot sends chills down my spine! He really had guts and I believe we should put a statue of him next to Lincoln's statue.

Mrs. P,

I really enjoyed all your presentations! I wish we could have more presentations in 8th grade! And I hope you go to Adams High School, because I know you don't go to SCHS. If you do go to Adams, it's just another reason to go to Adams instead.

Thanks for all I have learned!!!!

Katie

Hello my name is Matt. I am a 8th grader at Hart Middle School and I would like to thank you for the wonderful presentation the other day. It was very informational and it was very interesting. I wish I could be at another one of your presentations but sadly you don't present at Stoney Creek. Thanks again.

Dear Mrs. P,

You've been so good to us over the past few years I don't know if I could ever say thank you enough. I remember back in 3rd grade when we used to draw pictures then make hats with the paper! Over the past few years of our lives every times our teachers would say "Mrs. P's coming tomorrow" the whole class would cheer! We always knew you would make it fun for all of us and we were never bored.

Lots of love,
Gia

Hello, my name is Michael. I wanted to thank you for coming to my school, hart, to talk about the civil war. The best part was probably the dog tags.

Hi Mrs. P!

Many thanks to you for coming to teach us about the Civil War!

Regina

Hi Mrs. P.,

Thank you for coming in to our school and showing the slideshows.

Thank you Mrs. P. for providing us with the knowledge of the civil war. I believed that the best part in your presentation was the slides about Johnny Clem. Thank you for everything that you do for this school.

Thank you,
Aj & Blake

Thank you Mrs. P for all the wonderful presentations that you gave us since 6th grade. The one on the Civil War was definitely my favorite, but all of them were excellent. You opened my eyes to the wonders of history and all the amazing things that have happened in the past I have never heard of.

Thank You
Yanni
